<b>Project Value</b>	HK\$130 million
<b>Gross Floor Area</b>	7,590 m <sup>2</sup>
<b>Architect</b>	Rocco Design Partners
<b>Services Provided</b>	Quantity Surveying

### Overview

Graduate House is a mixed-use academic building that comprises three distinct functions: a dormitory for 210 graduates, an amenity centre for the whole student body and a conference centre for the public. Located in the main campus of the University of Hong Kong, the site is situated on the upper Pokfulam slopes where a nullah runs across a picturesque valley and a number of beautiful mature trees dot around the periphery.
